## A MISSIVE FROM

## The LOUNGE-O-LEERS

Ah, yes. We remember it well. It seems like only yesterday when we first made a splash at the weekly ballroom dance mixer held in the Dexter, NM Oddfellows Hall...and shortly thereafter released our 45 single of "Sway" b/w "The Magnificent Seven Cha Cha", the sensation of the 1964 Southwest Regionals of the Rhythm Latin Dance Competition.

It was there that we were officially discovered, and we soon found ourselves a staple on the prestigious Howard Johnson's circuit. Along the way, the greats who found their way to the HJ lounge in whatever town they might be in...Sammy, Twiggy, Jimi, Jackie, the Hef and the rest...quickly made our early 45s and phonograph albums cult classics.

As always, these cuts were recorded completely live...they are just as you'd hear them if we were playing in your living room, warts and all. Of course, all our recordings benefit from the artistry of our fab engineer, Chip Fabrizi, plus guest artists on some cuts (gal-pal Dale Fabrizi and our bud Kocoa) adding extra dimension to our live sound.

Finally, you too can groove to our long out-of-print, classic recording from the 'sixties... *The Lounge-O-Leers '68*, featuring our most-requested hits from 1966-68. Of course, you also get our hard-to-find singles, as well as our legendary, never-released demo of the theme song from "Love American Style"!

stay groovy!  
*Hot Rod Ruby*
